

About us

The idea for Remnant Restoration was conceived from a divine calling to give widows and orphans a place of beauty to inspire them in their hopes and aspirations. Design and landscaping professionals create our spaces while a team of volunteers help implement the designs and raise money to fund the projects.

Our Mission

We are a non-profit ministry dedicated to improving the lives of widows and recently-adopted children in Southern Colorado by providing free interior design and landscaping services. Remnant Restoration seeks to restore hope to those left behind and to encourage the adoption of children by lessening the financial burden on parents.
